

# CAD/CAM Data Service

The fast and simple way to access CAD/CAM data

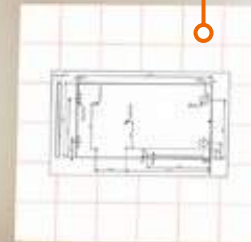

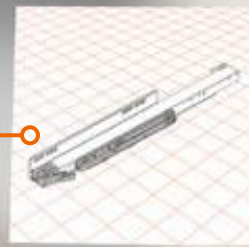

# More efficiency for you

We offer you a wide range of various CAD/CAM formats to provide you with the best possible support for planning and manufacturing.

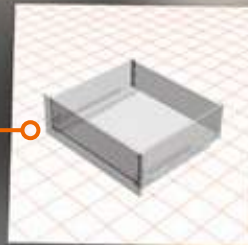

## Individual product (3D)

3D data of individual fittings for a specific construction

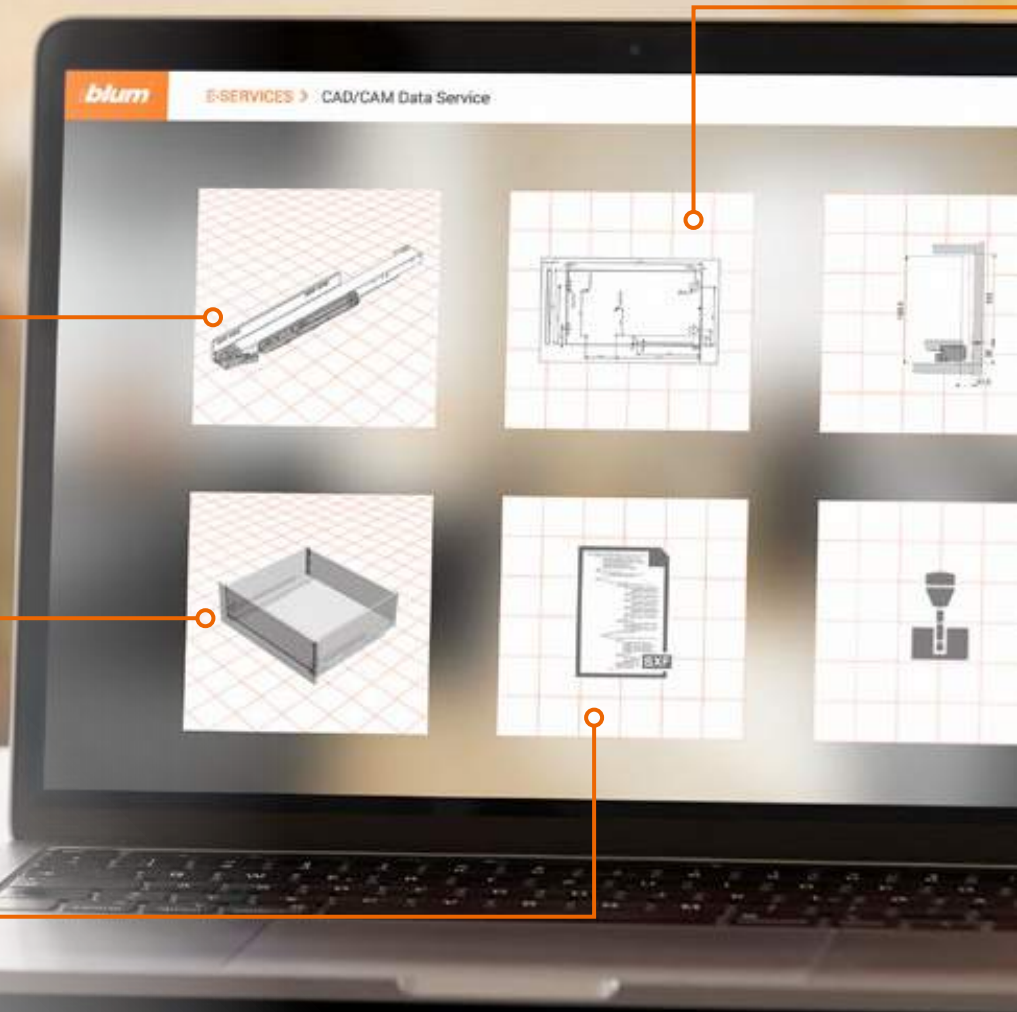

## Cabinet combination (3D)

All fittings and relevant wooden parts – up to the entire cabinet – based on your configuration

## BXF

Detailed fitting information and all manufacturing information for wooden parts, such as cutting dimensions and drilling positions, in the Blum Exchange Format

### Production drawing (2D)

Information relevant to manufacturing, such as drillings, for processing of the wooden parts

### Installation situation (2D)

Installation drawings with important planning details such as the space requirement in the cabinet

### CAM data

CAM data on individual fittings for manual positioning on the wooden parts

### What are the advantages for you?

- Access up-to-date CAD/CAM data checked by the manufacturer
- Download the CAD/CAM data of individual products or complete packages of data
- Receive CAD data in 2D and 3D in the most common formats, BDX files as well as production drawings and installation situations that are dimensionally accurate and collision-checked
- Can't find the data you need? Then simply ask us for drawings of special applications via a customer request

### Interface to your CAD/CAM software

We work closely with CAD/CAM software manufacturers to make it easier to plan and design furniture using Blum products. Some of our software partners have integrated Blum fittings data into their software, making it very easy to plan Blum fittings. Other partners offer an easy interface to our Product Configurator and Cabinet Configurator.

Find more information about our current software partners at [www.blum.com/interfaces](http://www.blum.com/interfaces).

#### Access to the CAD/CAM Data Service

Register for Blum E-SERVICES and gain access to the CAD/CAM Data Service: [www.blum.com/ccds](http://www.blum.com/ccds).

For any further questions, please contact your Blum representative at [www.blum.com/contact](http://www.blum.com/contact).
